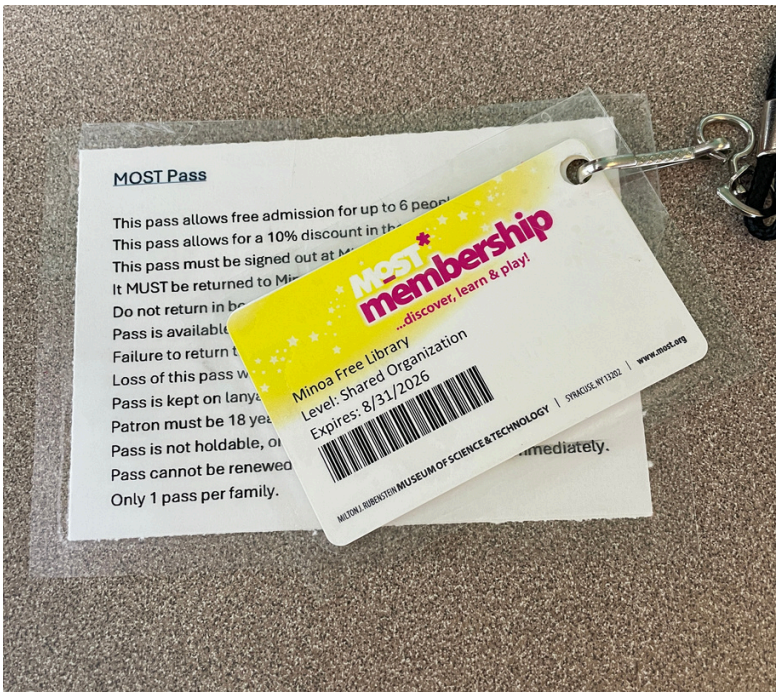
New at the Library

●Great news! A special MOST pass is now available for checkout. The pass allows free admission for up to 6 people at the Museum of Science and Technology in Syracuse per visit PLUS a 10% discount at the MOST Science Shop. The pass must be returned to Minoa Library and is available for a 3-day loan. Patrons must be 18+ years old to check out the MOST pass with a library card.



Fremont resident Sarah Germain is the author of the new children's picture book, *Dream a Dream*. The book is about fun things you could dream about being like pancakes, dinosaurs, bubbles and bugs. *"Let's dream we're bugs, scurrying below, through the grass, to parts unknown."* The author was inspired to write *Dream a Dream* by an imagination game she used to play with her son. Germain owns the home-based cookie company Salt City Sugar. Interestingly, she baked and hand painted the sugar cookies pictured in the book. Congratulations to Sarah on her new book which can be found at Minoa Library.
